1. Identification

Product identifier
GP PRO ActiveAire® Passive Whole-Room Freshener Dispenser Refill, Sunscape Mango

Product list
GP PRO ActiveAire® Passive Whole-Room Freshener Dispenser Refill, Sunscape Mango SKU 48291

Other means of identification
None.

Recommended use
Washroom air freshener

Recommended restrictions
None known.

Manufacturer/Importer/Supplier/Distributor information

Manufacturer
Georgia-Pacific Consumer Products LP
133 Peachtree Street, NE
Atlanta, GA 30303

Technical Information: 866.435.5647
(M)SDS Request: 404.652.5119
MSDSREQ@GAPAC.com

Importer/Supplier/Distributor
Not applicable.

2. Hazard identification

Emergency overview
This is a consumer care product that is safe for consumers when used according to the label directions.

Physical hazards
Not classified.

Health hazards
Sensitization, skin
Category 1

Environmental hazards
Hazardous to the aquatic environment, long-term hazard
Category 3

Label elements

Signal word
Warning

Hazard statement
May cause an allergic skin reaction. Harmful to aquatic life with long lasting effects.

Precautionary statement

Prevention
In case of prolonged or frequently repeated contact, wear protective gloves. Do not eat, drink or smoke when using this product. Avoid release to the environment.

Response
If on skin: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. Specific treatment (see section 4 on the SDS).

Storage
Store away from strong oxidising agents.

Disposal
Dispose of contents/container in accordance with local/regional/national/international regulations.

Other hazards
None known.

Supplemental information
None.

3. Composition/information on ingredients

Mixtures

<table>

4. First-aid measures

Inhalation
Under normal conditions of intended use, this material is not expected to be an inhalation hazard. Call a physician if symptoms develop or persist. Move to fresh air.

Skin contact
Wash with soap and water. In case of eczema or other skin disorders: Seek medical attention and take along these instructions.

Eye contact
Flush eyes immediately with large amounts of water. Get medical attention if irritation develops and persists.

Ingestion
Rinse mouth. Do not induce vomiting without advice from poison control center. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed
May cause an allergic skin reaction. Dermatitis. Rash. Direct contact with eyes may cause temporary irritation.

Indication of immediate medical attention and special treatment needed
Provide general supportive measures and treat symptomatically. Symptoms may be delayed. Keep individual under observation.

General information
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance.

5. Fire-fighting measures

Suitable extinguishing media
Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).

Unsuitable extinguishing media
Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from the chemical
During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Fire fighting equipment/instructions
Use water spray to cool unopened containers.

Specific methods
Use standard firefighting procedures and consider the hazards of other involved materials.

General fire hazards
No unusual fire or explosion hazards noted.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures
Provide adequate ventilation and avoid contact with skin and eyes. Wear appropriate protective equipment and clothing during clean-up. Local authorities should be advised if significant spillages cannot be contained. Remove all sources of ignition.

Methods and materials for containment and cleaning up
Sweep up and shovel into suitable containers for disposal. Contain the spill, then place in a suitable container. For waste disposal, see section 13 of the SDS. Prevent product from entering drains.

Environmental precautions
Avoid release to the environment. If large quantities enter a waterway, advise local authorities.

7. Handling and storage

Precautions for safe handling
Avoid contact with eyes, skin, and clothing. Provide adequate ventilation. When using, do not eat, drink or smoke. Do not taste or swallow. Wear appropriate personal protective equipment. Avoid release to the environment.

Conditions for safe storage, including any incompatibilities
Keep containers tightly closed in a dry, cool and well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS). Keep away from direct sunlight. Keep away from heat, sparks and open flame. Keep out of the reach of children. Storage 32-90°F (0-32.2°C) for less than 30 days. Optimal conditions for long term storage 60-75°F (15.5-23.8°C). Acceptable conditions for long term storage 40-80°F (4.4-26.6°C).

8. Exposure controls/personal protection

Occupational exposure limits
No exposure limits noted for ingredient(s).

Biological limit values
No biological exposure limits noted for the ingredient(s).
Appropriate engineering controls

Individual protection measures, such as personal protective equipment

Eye/face protection  
Wear safety glasses or goggles if handling large quantities.

Skin protection

Hand protection  
In case of prolonged or frequently repeated contact, wear appropriate gloves.

Other  
None necessary under normal conditions of use. Wear appropriate gloves if handling large quantities.

Respiratory protection  
Under normal conditions of use respiratory protection is not expected to be required.

Thermal hazards  
Not applicable.

General hygiene considerations

When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties

Appearance

Physical state  
Solid.

Form  
Solid

Colour  
Not available.

Odour  
Characteristic.

Odour threshold  
Not available.

pH  
Not available.

Melting point/freezing point  
60 - 85 °C (140 - 185 °F)

Initial boiling point and boiling range  
Not available.

Flash point  
> 93.0 °C (> 199.4 °F)

Evaporation rate  
Not available.

Flammability (solid, gas)  
Not available.

Upper/lower flammability or explosive limits

Flammability limit - lower (%)  
Not available.

Flammability limit - upper (%)  
Not available.

Explosive limit - lower (%)  
Not available.

Explosive limit – upper (%)  
Not available.

Vapour pressure  
Not available.

Vapour density  
Not available.

Relative density  
Not available.

Solubility(ies)

Solubility (water)  
Insoluble

Partition coefficient (n-octanol/water)  
Not available.

Auto-ignition temperature  
> 330 °C (> 626 °F)

Decomposition temperature  
> 300 °C (> 572 °F)

Viscosity  
Not available.

Other information

Explosive properties  
Not explosive.

Oxidising properties  
Not oxidising.

10. Stability and reactivity

Reactivity  
Not available.

Chemical stability  
Not available.
11. Toxicological information

Information on likely routes of exposure

**Inhalation**
Health injuries are not known or expected under normal use.

**Skin contact**
May cause an allergic skin reaction.

**Eye contact**
Direct contact with eyes may cause temporary irritation.

**Ingestion**
Not applicable under normal conditions of use. May cause gastrointestinal irritation if ingested.

Symptoms related to the physical, chemical and toxicological characteristics

May cause an allergic skin reaction. Dermatitis. Rash. Direct contact with eyes may cause temporary irritation.

Information on toxicological effects

**Acute toxicity**
May cause an allergic skin reaction.

* Estimates for product may be based on additional component data not shown.

**Skin corrosion/irritation**
Prolonged skin contact may cause temporary irritation.

**Serious eye damage/eye irritation**
Direct contact with eyes may cause temporary irritation.

**Respiratory or skin sensitisation**

**Respiratory sensitisation**
Not classified.

**Skin sensitisation**
May cause an allergic skin reaction.

**Germ cell mutagenicity**
No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

**Carcinogenicity**
This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

**Reproductive toxicity**
Not classified.

**Specific target organ toxicity - single exposure**
Not classified.

**Specific target organ toxicity - repeated exposure**
Not classified.

**Aspiration hazard**
Not applicable.

**Chronic effects**
Not hazardous under normal conditions of use.

12. Ecological information

**Ecotoxicity**
Harmful to aquatic life with long lasting effects.

* Estimates for product may be based on additional component data not shown.

**Persistence and degradability**<br>No data is available on the degradability of this product.

**Bioaccumulative potential**

| Partition coefficient n-octanol / water (log Kow) | BENZYL BENZOATE | 3.97 |
| | D-LIMONENE | 4.57 |

**Mobility in soil**<br>No data available.

**Other adverse effects**<br>No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

**13. Disposal considerations**

**Disposal instructions**<br>Dispose of contents/container in accordance with local/regional/national/international regulations.

**Local disposal regulations**<br>Dispose in accordance with all applicable regulations.

**Hazardous waste code**<br>The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

**Waste from residues / unused products**<br>Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

**Contaminated packaging**<br>Do not re-use empty containers. Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

**14. Transport information**

**TDG**<br>Not regulated as dangerous goods.

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**<br>Not available.

**15. Regulatory information**

**Canadian regulations**

**Controlled Drugs and Substances Act**<br>Not regulated.
Export Control List (CEPA 1999, Schedule 3)
Not listed.

Greenhouse Gases
Not listed.

Precursor Control Regulations
Not regulated.

International regulations
Stockholm Convention
Not applicable.
Rotterdam Convention
Not applicable.
Kyoto Protocol
Not applicable.
Montreal Protocol
Not applicable.
Basel Convention
Not applicable.

International Inventories

Issue date: 09-01-2020
Version No.: 01

Disclaimer
This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as of the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions in which this material will be used, handled, or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors, and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
