1. Identification

Product identifier: BRAWNY INDUSTRIAL® DUSTING CLOTHS

Product list:
- Brawny Industrial® Dusting Cloths 17” x 24” SKU - 29616
- Brawny Industrial® Dusting Cloths 24” x 24” SKU - 29624

Other means of identification:
- SDS number: GP-800

Recommended use:
Rayon janitorial dusting cloths specially treated to attract dust.

Recommended restrictions:
None known.

Manufacturer/Importer/Supplier/Distributor information

Company name: Manufactured for:
Georgia-Pacific Consumer Products LP
Address:
133 Peachtree Street, NE
Atlanta, GA 30303
Telephone:
Technical Information: 866.435.5647
SDS Request: 404.652.5119
E-mail: MSDSREQ@GAPAC.com
Emergency phone number:
Chemtrec - Emergency: 800.424.9300

2. Hazard(s) identification

Emergency overview:
Will burn rapidly in a fire.

Physical hazards:
Not classified.

Health hazards:
Not classified.

Environmental hazards:
Not classified.

OSHA defined hazards:
Not classified.

Label elements

- Hazard symbol: None.
- Signal word: None.
- Hazard statement: The mixture does not meet the criteria for classification.

Precautionary statement

- Prevention: Observe good industrial hygiene practices.
- Response: Wash hands after handling large quantities.
- Storage: Store away from strong oxidizers.
- Disposal: Dispose of waste and residues in accordance with local authority requirements.

Hazard(s) not otherwise classified (HNOC):
None known.

Supplemental information:
None.

3. Composition/information on ingredients

Mixtures

4. First-aid measures

Inhalation:
Not a normal route of exposure. If symptoms develop, remove to fresh air. Get medical attention if irritation persists.

Skin contact:
If irritation develops, wash with soap and water. Get medical attention if irritation persists.

Eye contact:
Immediately flush eyes with plenty of water for at least 15 minutes. If irritation persists get medical attention.
Ingestion
Most important
symptoms/effects, acute and
delayed
Indication of immediate
medical attention and special
treatment needed
General information

Not a normal route of exposure. If ingested seek medical attention or call a poison control center. Direct contact with eyes may cause temporary irritation. Treat symptomatically. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

5. Fire-fighting measures
Suitable extinguishing media
Unsuitable extinguishing media
Specific hazards arising from the chemical
Special protective equipment and precautions for firefighters
Fire fighting equipment/instructions
Specific methods
General fire hazards

Dry chemical, foam, carbon dioxide, or water. During fire, gases hazardous to health may be formed. Self-contained breathing apparatus and full protective clothing must be worn in case of fire. Firefighters should wear full protective clothing including self contained breathing apparatus. Use water spray to cool unopened containers. No unusual fire or explosion hazards noted.

6. Accidental release measures
Personal precautions, protective equipment and emergency procedures
Methods and materials for containment and cleaning up
Environmental precautions

No special precautions are necessary beyond normal good hygiene practices. See Section 8 of the SDS for additional personal protection advice when handling this product. Pick up and discard towel. Slipping hazard; absorb any residual liquid remaining on surfaces. For waste disposal, see section 13 of the SDS. Avoid discharge into drains, water courses or onto the ground.

7. Handling and storage
Precautions for safe handling
Conditions for safe storage, including any incompatibilities

Keep out of reach of children. Avoid contact with eyes; in case of contact, flush eyes with water. Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS). Provide cool storage away from combustion sources.

8. Exposure controls/personal protection
Occupational exposure limits
Biological limit values
Appropriate engineering controls
Individual protection measures, such as personal protective equipment
Eye/face protection
Skin protection
Hand protection
Other
Respiratory protection
Thermal hazards
General hygiene considerations

ACGIH Components
	Type	Value	Form
WHITE MINERAL OIL (CAS 8042-47-5)
TWA	5 mg/m3

No biological exposure limits noted for the ingredient(s). No special ventilation requirements. None necessary under normal conditions of use. Wear safety glasses or goggles if handling large quantities. None necessary under normal conditions of use. Wear appropriate gloves if handling large quantities. None necessary under normal conditions of use. Wear gloves if handling large quantities. Not normally needed. Wear appropriate thermal protective clothing, when necessary. Keep away from food, drink and animal feedingstuffs. When using, do not eat, drink or smoke.
9. Physical and chemical properties

Appearance
- Sheet

Physical state
- Solid

Form
- Solid

Color
- Yellow

Odor
- Odorless

Odor threshold
- Not available

pH
- Not available

Melting point/freezing point
- Not available

Initial boiling point and boiling range
- Not available

Flash point
- 330.8 °F (166.0 °C)

Evaporation rate
- Not available

Flammability (solid, gas)
- Not available

Upper/lower flammability or explosive limits
- Flammability limit - lower (%)
  - Not available
- Flammability limit - upper (%)
  - Not available
- Explosive limit - lower (%)
  - Not available
- Explosive limit - upper (%)
  - Not available

Vapor pressure
- Not available

Vapor density
- Not available

Relative density
- Not available

Solubility(ies)
- Solubility (water)
  - Not available

Partition coefficient (n-octanol/water)
- Not available

Auto-ignition temperature
- Not available

Decomposition temperature
- Not available

Viscosity
- Not available

Other information
- Flash point class
  - Combustible IIIB

10. Stability and reactivity

Reactivity
- No dangerous reactions known under conditions of normal use

Chemical stability
- Material is stable under normal conditions

Possibility of hazardous reactions
- No dangerous reaction known under conditions of normal use

Conditions to avoid
- Avoid temperatures exceeding the flash point. Contact with incompatible materials

Incompatible materials
- Strong oxidizers

Hazardous decomposition products
- Carbon dioxide, carbon monoxide, and unburned hydrocarbons

11. Toxicological information

Information on likely routes of exposure

Inhalation
- No effects expected under normal conditions of use

Skin contact
- No effects expected under normal conditions of use. Prolonged skin contact may cause temporary irritation

Eye contact
- None expected when product is used as intended. Direct contact with eyes causes temporary irritation

Ingestion
- Not applicable under normal conditions of use. May cause gastrointestinal irritation if ingested
Symptoms related to the physical, chemical and toxicological characteristics

None expected when product is used as intended.

Information on toxicological effects

Acute toxicity
The acute oral toxicity of the liquid portion of this product is greater than 5.0 ml/kg body weight.

Skin corrosion/irritation
Non-irritating in rabbits and humans.

Serious eye damage/eye irritation
Non-irritating in rabbits.

Respiratory or skin sensitization
Respiratory sensitization
Not likely to cause respiratory sensitization.

Skin sensitization
No evidence of skin sensitization in human repeat insult patch test.

Germ cell mutagenicity
No evidence of mutagenicity or genotoxicity in vitro cell systems or rats.

Carcinogenicity
No evidence of carcinogenicity in rats, mice and dogs. Not listed as a carcinogen by IARC, NTP, OSHA or ACGIH.

IARC Monographs. Overall Evaluation of Carcinogenicity
Not listed.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)
Not regulated.

US. National Toxicology Program (NTP) Report on Carcinogens
Not listed.

Reproductive toxicity
No evidence of reproductive or developmental effects in rats, mice, rabbits or hamsters. NOAELs ranged from 1,230 to 1,600 mg/kg/day.

Specific target organ toxicity - single exposure
No evidence of specific target organ effects in rats and humans.

Specific target organ toxicity - repeated exposure
No evidence of specific target organ effects in rats and humans. NOAEL is 2,000 mg/kg/day.

Aspiration hazard
Not likely to cause aspiration.

Chronic effects
Not hazardous under normal conditions of use.

12. Ecological information

Ecotoxicity
This material is not expected to be harmful to aquatic life.

Persistence and degradability
No data is available on the degradability of this product.

Bioaccumulative potential
No data available.

Mobility in soil
No data available.

Other adverse effects
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal considerations

Disposal instructions
This product, in its present state, when discarded or disposed of, is not a hazardous waste according to Federal regulations (40 CFR 261.4 (b)(4)). Under RCRA, it is the responsibility of the user of the product to determine, at the time of disposal, whether the product meets RCRA criteria for hazardous waste.

Recommend the use of an oily rag disposal bin for the disposal of this product due to the possibility of spontaneous combustion.

Local disposal regulations
Dispose in accordance with all applicable regulations.

Hazardous waste code
The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

Waste from residues / unused products
Dispose of in accordance with local regulations.

Contaminated packaging
Empty packaging/container can be disposed in accordance with all applicable regulations.

14. Transport information

DOT
Not regulated as dangerous goods.
IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code
Not applicable.

15. Regulatory information

US federal regulations
This material is not hazardous under the criteria of the Federal OSHA Hazard Communication Standard 29CFR 1910.1200.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)
Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)
Not listed.

SARA 304 Emergency release notification
Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)
Not regulated.

Superfund Amendments and Reauthorization Act of 1986 (SARA)
Hazard categories
Immediate Hazard - No
Delayed Hazard - No
Fire Hazard - No
Pressure Hazard - No
Reactivity Hazard - No

SARA 302 Extremely hazardous substance
Not listed.

SARA 311/312 Hazardous chemical
No

SARA 313 (TRI reporting)
Not regulated.

Other federal regulations
Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List
Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)
Not regulated.

Safe Drinking Water Act (SDWA)
Not regulated.

US state regulations
US. California Proposition 65
California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

International Inventories

<table>

Disclaimer
This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as of the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions in which this material will be used, handled, or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors, and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
