SAFETY DATA SHEET

1. Identification

Product identifier: enMotion® Gentle Foam Soap with Moisturizers Tranquil Aloe

Product list:
- enMotion® Gentle Foam Soap with Moisturizers Tranquil Aloe, Green SKU - 42712
- enMotion® Counter Mount Gentle Foam Soap with Moisturizers Tranquil Aloe SKU - 42718
- enMotion® Gentle Foam Soap with Moisturizers Tranquil Aloe, Green SKU - 42712M

Other means of identification

SDS number: 200F

Recommended use: Hand cleanser

Recommended restrictions: This product is regulated as a cosmetic in Canada, and is intended for personal care use

Manufacturer/Importer/Supplier/Distributor information

Manufacturer
- Company name: Manufactured for: Georgia-Pacific Consumer Products LP
- Address: 133 Peachtree Street, NE
- Atlanta, GA 30303
- Telephone: Technical Information: 866.435.5647
- (M)SDS Request: 404.652.5119
- e-mail: MSDSREQ@GAPAC.com
- Emergency phone number: Chembrec - Emergency: 800.424.9300
- Importer/Supplier/Distributor: Not applicable.

2. Hazard(s) identification

Physical hazards: Not classified.

Health hazards: Eye irritation Category 2B

Environmental hazards: Hazardous to the aquatic environment, acute hazard Category 3

Label elements
- Hazard symbol: None.
- Signal word: Warning
- Hazard statement: Causes eye irritation. Harmful to aquatic life.
- Precautionary statement
  - Prevention: Wash thoroughly after handling large quantities. Observe good industrial hygiene practices.
  - Response: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
  - Storage: Store away from strong oxidizers.
  - Disposal: Dispose of contents/container in accordance with local/regional/national/international regulations.

Other hazards: None known.

Supplemental information: None.

### Composition comments

* Fragrance Added

### 4. First-aid measures

#### Inhalation
Not a normal route of exposure. If symptoms develop, remove to fresh air. Get medical attention if irritation persists.

#### Skin contact
If irritation occurs, flush skin with plenty of water. Seek medical attention if irritation persists.

#### Eye contact
Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

#### Ingestion

- **Causes eye irritation.** Symptoms may include stinging, tearing, redness, swelling, and blurred vision.

- **Most important symptoms/effects, acute and delayed**
  Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

- **Indication of immediate medical attention and special treatment needed**

- **General information**
  Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

### 5. Fire-fighting measures

#### Suitable extinguishing media
Powder, water spray, foam, carbon dioxide.

#### Unsuitable extinguishing media
Do not use water jet as an extinguisher, as this will spread the fire.

#### Specific hazards arising from the chemical
During fire, gases hazardous to health may be formed.

#### Special protective equipment and precautions for firefighters
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

#### Fire fighting equipment/instructions
Firefighters should wear full protective clothing including self contained breathing apparatus.

#### Specific methods
Use standard firefighting procedures and consider the hazards of other involved materials.

#### General fire hazards
This product is not expected to burn unless all water is boiled away. The remaining organic compounds may be ignitable. Use water to cool containers exposed to fire.

### 6. Accidental release measures

#### Personal precautions, protective equipment and emergency procedures
Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Use personal protection recommended in Section 8. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. Spills of this material are a slipping hazard.

#### Methods and materials for containment and cleaning up
Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Prevent product from entering drains. Following product recovery, flush area with water.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

#### Environmental precautions
Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

### 7. Handling and storage

#### Precautions for safe handling
For external use only. Keep out of the reach of children. Do not get this material in contact with eyes. Wear gloves and safety glasses or goggles if handling large quantities. Provide adequate ventilation. Avoid release to the environment.
Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

10. Stability and reactivity

Reactivity
Heat. Incompatible materials.

Chemical stability
Stable at normal conditions.

Possibility of hazardous reactions
No dangerous reaction known under conditions of normal use.

Conditions to avoid
Contact with incompatible materials.

Incompatible materials
Strong oxidising agents.

Hazardous decomposition products
Small amounts of nitrogen oxides, carbon monoxide and carbon dioxide may be released.

11. Toxicological information

Information on likely routes of exposure

Inhalation
No effects expected under normal conditions of use.

Skin contact
No effects expected under normal conditions of use. Prolonged skin contact may cause temporary irritation.

Eye contact
Causes eye irritation.

Ingestion
Not applicable under normal conditions of use. May cause gastrointestinal irritation if ingested.

Symptoms related to the physical, chemical and toxicological characteristics
Causes eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.

* Estimates for product may be based on additional component data not shown.

**Skin corrosion/irritation**

Prolonged skin contact may cause temporary irritation.

**Serious eye damage/eye irritation**

Causes eye irritation.

**Respiratory or skin sensitisation**

**Canada - Alberta OELs: Irritant**

GLYCERIN (CAS 56-81-5) Irritant

**Respiratory sensitisation**

Not a respiratory sensitizer.

**Skin sensitisation**

This product is not expected to cause skin sensitisation.

**Germ cell mutagenicity**

Not hazardous under normal conditions of use.

**Carcinogenicity**

Aloe: The decolorized form of aloe vera as used in this product is not hazardous under normal conditions of use. The non-decolorized whole leaf extract of aloe vera is classified by IARC as Group 2B Possibly Carcinogenic to Humans.

**Reproductive toxicity**

Not hazardous under normal conditions of use.

**Specific target organ toxicity**

- single exposure

Not classified.

- repeated exposure

Not classified.

**Aspiration hazard**

Not an aspiration hazard.

**Chronic effects**

Not hazardous under normal conditions of use.

**12. Ecological information**

**Ecotoxicity**

Harmful to aquatic life.

**SODIUM LAURETH SULFATE (CAS 9004-82-4)**

**Aquatic**

*Acute*

Crustacea

EC50

Water flea (Ceriodaphnia dubia)

2.43 - 4.01 mg/l, 48 hours

**Persistence and degradability**

No data is available on the degradability of this product.

**Bioaccumulative potential**

**Partition coefficient n-octanol / water (log Kow)**

GLYCERIN

-1.76

**Mobility in soil**

No data available.

**Other adverse effects**

No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

**13. Disposal considerations**

**Disposal instructions**

Dispose of contents/container in accordance with local/regional/national/international regulations.
Dispose in accordance with all applicable regulations.

Hazardous waste code

The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

Waste from residues / unused products

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging

Empty packaging/container can be disposed in accordance with all applicable regulations.

14. Transport information

TDG

Not regulated as dangerous goods.

IATA

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to

Not established.

Annex II of MARPOL 73/78 and the IBC Code

15. Regulatory information

Canada regulations

This product has been classified in accordance with the hazard criteria of the HPR and the SDS contains all the information required by the HPR. This product is regulated under Canada's Food & Drug Act.

Controlled Drugs and Substances Act

Not regulated.

Export Control List (CEPA 1999, Schedule 3)

Not listed.

Greenhouse Gases

Not listed.

Precursor Control Regulations

Not regulated.

International regulations

Stockholm Convention

Not applicable.

Rotterdam Convention

Not applicable.

Kyoto protocol

Not applicable.

Montreal Protocol

Not applicable.

Basel Convention

Not applicable.

Disclaimer

This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as of the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions in which this material will be used, handled, or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors, and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
