SAFETY DATA SHEET

1. Identification

Product identifier enMotion® High Frequency Use Foam Handwash

Product list enMotion® High Frequency Use Foam Handwash 1200 mL bags/2 per case SKU - 42713

Other means of identification

SDS number B101

Recommended use Hand cleanser

Recommended restrictions This product is regulated as a cosmetic in Canada, and is intended for personal care use

Manufacturer/Importer/Supplier/Distributor information

Manufacturer

Company name Manufactured for:
Georgia-Pacific Consumer Products LP
Address 133 Peachtree Stree, NE
Atlanta, GA 30303
Telephone Technical Information: 866.435.5647
(M)SDS Request: 404.652.5119
E-mail MSDSREQ@GAPAC.com
Emergency phone number Chemtrec - Emergency: 800.424.9300

Importer/Supplier/Distributor

Not applicable.

2. Hazard(s) identification

Physical hazards Not classified.

Health hazards Not classified.

Environmental hazards Not classified.

Label elements

Signal word Warning

Hazard statement Causes mild skin irritation. Causes serious eye irritation.

Precautionary statement

Prevention Observe good industrial hygiene practices. Wash thoroughly after handling large quantities. Wear eye/face protection, if handling large quantities.

Response IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Storage Store away from strong oxidizers, reducing agents, strong acids and strong bases.

Disposal Dispose of waste and residues in accordance with local authority requirements.

Other hazards None known.

Supplemental information May cause an allergic reaction in sensitive individuals.

3. Composition/information on ingredients

Mixtures

<table>
<thead>
<tr>
<th>Chemical name</th>
<th>Common name and synonyms</th>
<th>CAS number</th>
<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>POTASSIUM HYDROXIDE</td>
<td></td>
<td>1310-58-3</td>
<td>0 - For pH adjustment</td>
</tr>
<tr>
<td>Hexylene glycol</td>

<td>1 - 5</td>
</tr>
</tbody>
</table>

Other components below reportable levels 80 - 100
The specific chemical identity and/or percentage of composition has been withheld as a trade secret.

**Composition comments**
Not applicable to notified cosmetics. Refer to product label for active ingredient content.

**4. First-aid measures**

**Inhalation**
Not a normal route of exposure. If symptoms develop, remove to fresh air. Get medical attention if irritation persists.

**Skin contact**
If irritation occurs, flush skin with plenty of water. Seek medical attention if irritation persists.

**Eye contact**
Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

**Ingestion**
Rinse mouth. Do not induce vomiting without advice from poison control center. Get medical attention if symptoms occur.

**Most important symptoms/effects, acute and delayed**
Causes serious eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.

**Indication of immediate medical attention and special treatment needed**
Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

**General information**
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

**5. Fire-fighting measures**

**Suitable extinguishing media**
Powder, water spray, foam, carbon dioxide.

**Unsuitable extinguishing media**
Do not use water jet as an extinguisher, as this will spread the fire.

**Specific hazards arising from the chemical**
During fire, gases hazardous to health may be formed.

**Special protective equipment and precautions for firefighters**
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

**Fire fighting equipment/instructions**
Firefighters should wear full protective clothing including self contained breathing apparatus.

**Specific methods**
Use standard firefighting procedures and consider the hazards of other involved materials.

**General fire hazards**
This product is not expected to burn unless all water is boiled away. The remaining organic compounds may be ignitable. Use water to cool containers exposed to fire.

**6. Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**
Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Use personal protection recommended in Section 8. Ensure adequate ventilation. Local authorities should be advised if significant spillovers cannot be contained. Spills of this material are a slipping hazard.

**Methods and materials for containment and cleaning up**
Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Prevent product from entering drains. Following product recovery, flush area with water.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

**Environmental precautions**
Avoid release to the environment. If large quantities enter a waterway, advise local authorities.

**7. Handling and storage**

**Precautions for safe handling**
For external use only. Keep out of the reach of children. Do not get this material in contact with eyes. Wear gloves and safety glasses or goggles if handling large quantities. Avoid prolonged exposure. Provide adequate ventilation. Avoid release to the environment.

**Conditions for safe storage, including any incompatibilities**
Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).
8. Exposure controls/personal protection

## Occupational exposure limits

### US. ACGIH Threshold Limit Values

### Biological limit values

No biological exposure limits noted for the ingredient(s).

### Appropriate engineering controls

General ventilation normally adequate.
Individual protection measures, such as personal protective equipment

**Eye/face protection**
None necessary under normal conditions of use. Wear safety glasses or goggles if handling large quantities.

**Skin protection**

**Hand protection**
None necessary under normal conditions of use. Wear appropriate gloves if handling large quantities.

**Other**

**Respiratory protection**
Under normal conditions of use respiratory protection is not expected to be required.

**Thermal hazards**
Wear appropriate thermal protective clothing, when necessary.

**General hygiene considerations**
When using, do not eat, drink or smoke. Keep away from food and drink.

9. **Physical and chemical properties**

**Appearance**
Heavy duty hand cleanser containing scrubbing agents.

**Physical state**
Liquid.

**Form**
Liquid gel.

**Colour**
Yellow.

**Odour**
Citrus

**Odour threshold**
Not available.

**pH**
6 - 7

**Melting point/freezing point**
Not available.

**Initial boiling point and boiling range**
Not available.

**Flash point**
Not available.

**Evaporation rate**
Not available.

**Flammability (solid, gas)**
Not available.

**Upper/lower flammability or explosive limits**

**Flammability limit - lower (%)**
Not available.

**Flammability limit - upper (%)**
Not available.

**Explosive limit - lower (%)**
Not available.

**Explosive limit – upper (%)**
Not available.

**Vapour pressure**
Not available.

**Vapour density**
Not available.

**Relative density**
Not available.

**Solubility(ies)**

**Solubility (water)**
Not available.

**Partition coefficient (n-octanol/water)**
Not available.

**Auto-ignition temperature**
Not available.

**Decomposition temperature**
Not available.

**Viscosity**
Not available.

**Other information**

**Specific gravity**
1.01 g/ml @ 25°C

10. **Stability and reactivity**

**Reactivity**
No dangerous reactions known under conditions of normal use.

**Chemical stability**
Stable at normal conditions.

**Possibility of hazardous reactions**
No dangerous reaction known under conditions of normal use.
Conditions to avoid  Contact with incompatible materials. Extremes of temperature and direct sunlight.
Hazardous decomposition products  May include irritating fumes or gases. May include oxides of carbon, sodium, and potassium.

11. Toxicological information

Information on likely routes of exposure
- **Inhalation**: No effects expected under normal conditions of use.
- **Skin contact**: No effects expected under normal conditions of use. Prolonged skin contact may cause temporary irritation.
- **Eye contact**: Causes serious eye irritation.
- **Ingestion**: Not applicable under normal conditions of use. May cause gastrointestinal irritation if ingested.

Symptoms related to the physical, chemical and toxicological characteristics
- **Inhalation**: May cause temporary irritation.
- **Skin corrosion/irritation**: Causes serious eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.

Information on toxicological effects

Acute toxicity

<table>
<thead>
<tr>
<th>Components</th>
<th>Species</th>
<th>Test results</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hexylene glycol (CAS 107-41-5)</td>
<td>Oral LD50</td>
<td>3692 mg/kg</td>
</tr>
<tr>
<td>POTASSIUM HYDROXIDE (CAS 1310-58-3)</td>
<td>Oral LD50</td>
<td>214 mg/kg</td>
</tr>
</tbody>
</table>

* Estimates for product may be based on additional component data not shown.

**Skin corrosion/irritation**: Prolonged skin contact may cause temporary irritation.

**Serious eye damage/eye irritation**: Causes serious eye irritation.

Respiratory or skin sensitisation

**Canada - Alberta OELs: Irritant**
- Hexylene glycol (CAS 107-41-5)  Irritant
- POTASSIUM HYDROXIDE (CAS 1310-58-3)  Irritant

**Respiratory sensitisation**: Not a respiratory sensitizer.

**Skin sensitisation**: This product is not expected to cause skin sensitisation.

**Germ cell mutagenicity**: Not hazardous under normal conditions of use.

**Carcinogenicity**: Not classified.

**Reproductive toxicity**: Not classified.

**Specific target organ toxicity**
- **single exposure**: Not classified.
- **repeated exposure**: Not classified.

**Aspiration hazard**: Not an aspiration hazard.

**Chronic effects**: Not hazardous under normal conditions of use.

**Further information**: Symptoms may be delayed.

12. Ecological information

**Ecotoxicity**: The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

## Persistence and degradability

No data is available on the degradability of this product.

## Bioaccumulative potential

No data available.

## Mobility in soil

No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

### 13. Disposal considerations

**Disposal instructions**
Dispose of contents/container in accordance with local/regional/national/international regulations.

**Local disposal regulations**
Dispose in accordance with all applicable regulations.

**Hazardous waste code**
The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

**Waste from residues / unused products**
Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

**Contaminated packaging**
Empty packaging/container can be disposed in accordance with all applicable regulations.

### 14. Transport information

**TDG**
Not regulated as dangerous goods.

**IATA**
Not regulated as dangerous goods.

**IMDG**
Not regulated as dangerous goods.

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**
Not established.

### 15. Regulatory information

**Canadian regulations**
This product has been classified in accordance with the hazard criteria of the HPR and the SDS contains all the information required by the HPR. This product is regulated under Canada's Food & Drug Act.

**Controlled Drugs and Substances Act**
Not regulated.

**Export Control List (CEPA 1999, Schedule 3)**
Not listed.

**Greenhouse Gases**
Not listed.

**Precursor Control Regulations**
Not regulated.

**International regulations**

Disclaimer
This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as of the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions in which this material will be used, handled, or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors, and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
