1. Identification

Product identifier: Georgia-Pacific® Industrial Hand Cleaner SKU#44625

Product list: Georgia-Pacific® Industrial Hand Cleaner SKU-44625

Other means of identification: None.

Recommended use: Industrial hand cleaner designed for medium to heavy duty soils such as lubricants, diesel, brake fluid, cement and other grease and grime.

Recommended restrictions: This product is regulated as a cosmetic in the US and is intended for personal care use.

Manufacturer/Importer/Supplier/Distributor information:

- Company name: Georgia-Pacific Consumer Products LP
- Address: 133 Peachtree Street, NE
  Atlanta, GA 30303
- Telephone: Technical Information 866.435.5647
  (M)SDS Request 404.652.5119
- E-mail: MSDSREQ@GAPAC.com
- Emergency phone number: Chemtrec - Emergency 800.424.9300

2. Hazard(s) identification

Physical hazards: Not classified.

Health hazards:

- Category 2B Eye irritation

Environmental hazards:

- Category 3 Hazardous to the aquatic environment, acute hazard

OSHA defined hazards: Not classified.

Label elements:

- Hazard symbol: None.
- Signal word: Warning
- Hazard statement: Causes eye irritation. Harmful to aquatic life.
- Precautionary statement:
  - Prevention: Wash thoroughly after handling large quantities. Observe good industrial hygiene practices.
  - Response: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
  - Storage: Store away from incompatible materials (see Section 10 of the SDS).
  - Disposal: Dispose of waste and residues in accordance with local authority requirements.

Hazard(s) not otherwise classified (HNOC): None known.

Supplemental information: None.

3. Composition/information on ingredients

Mixtures:

<table>
<thead>
<tr>
<th>Chemical name</th>
<th>Common name and synonyms</th>
<th>CAS number</th>
<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>TRIDECETH-6</td>
<td></td>
<td>69011-36-5</td>
<td>5 - 10</td>
</tr>
<tr>
<td>PEG-4 RAPESEEDAMIDE</td>
<td></td>
<td>932-164-2</td>
<td>0.5 - 1.5</td>
</tr>
</tbody>
</table>

Other components below reportable levels: 80 - 100

The specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. First-aid measures

Inhalation: Not a normal route of exposure. If symptoms develop, remove to fresh air. Get medical attention if irritation persists.

Skin contact: If irritation occurs, flush skin with plenty of water. Seek medical attention if irritation persists.
| **Eye contact** | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |
| **Ingestion** | Rinse mouth. Do not induce vomiting without advice from poison control center. Get medical attention if symptoms occur. |
| **Most important symptoms/effects, acute and delayed** | Causes eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. |
| **Indication of immediate medical attention and special treatment needed** | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed. |
| **General information** | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. |

### 5. Fire-fighting measures

- **Suitable extinguishing media**
  Powder, water spray, foam, carbon dioxide.
- **Unsuitable extinguishing media**
  Do not use water jet as an extinguisher, as this will spread the fire.
- **Specific hazards arising from the chemical**
  During fire, gases hazardous to health may be formed.
- **Special protective equipment and precautions for firefighters**
  Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
- **Firefighting equipment/instructions**
  Firefighters should wear full protective clothing including self-contained breathing apparatus.
- **Specific methods**
  Use standard firefighting procedures and consider the hazards of other involved materials.
- **General fire hazards**
  This product is not expected to burn unless all water is boiled away. The remaining organic compounds may be ignitable. Use water to cool containers exposed to fire.

### 6. Accidental release measures

- **Personal precautions, protective equipment and emergency procedures**
  Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Use personal protection recommended in Section 8. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. Spills of this material are a slipping hazard.
- **Methods and materials for containment and cleaning up**
  Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
  Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.
- **Environmental precautions**
  Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

### 7. Handling and storage

- **Precautions for safe handling**
  For external use only. Keep out of the reach of children. Do not get this material in contact with eyes. Wear gloves and safety glasses or goggles if handling large quantities. Provide adequate ventilation. Avoid release to the environment.
- **Conditions for safe storage, including any incompatibilities**
  Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

### 8. Exposure controls/personal protection

- **Biological limit values**
  No biological exposure limits noted for the ingredient(s).
- **Appropriate engineering controls**
  General ventilation normally adequate.
- **Individual protection measures, such as personal protective equipment**
  **Eye/face protection**
  None necessary under normal conditions of use. Wear safety glasses or goggles if handling large quantities.
  **Skin protection**
  **Hand protection**
  None necessary under normal conditions of use. Wear appropriate gloves if handling large quantities.
  **Other**
  None necessary under normal conditions of use.
  **Respiratory protection**
  Under normal conditions of use respiratory protection is not expected to be required.
9. Physical and chemical properties

Appearance
- Hand cleanser containing scrubbing agents.

Physical state
- Liquid.

Form
- Gel.

Color
- Brown

Odor
- Herbal Fresh.

Odor threshold
- Not available.

pH
- 5 - 7

Melting point/freezing point
- Not available.

Initial boiling point and boiling range
- Not available.

Flash point
- Not available.

Evaporation rate
- Not available.

Flammability (solid, gas)
- Not applicable.

Upper/lower flammability or explosive limits

Flammability limit - lower (%)
- Not available.

Flammability limit - upper (%)
- Not available.

Explosive limit - lower (%)
- Not available.

Explosive limit - upper (%)
- Not available.

Vapor pressure
- Not available.

Vapor density
- Not available.

Relative density
- Not available.

Solubility(ies)
- Solubility (water)
  - Not available.

Partition coefficient (n-octanol/water)
- Not available.

Auto-ignition temperature
- Not available.

Decomposition temperature
- Not available.

Viscosity
- 40 - 50 Pa·s

10. Stability and reactivity

Reactivity

Chemical stability
- Material is stable under normal conditions.

Possibility of hazardous reactions
- No dangerous reaction known under conditions of normal use.

Conditions to avoid
- Contact with incompatible materials.

Incompatible materials
- Strong oxidizing agents.

Hazardous decomposition products
- Small amounts of nitrogen oxides, carbon monoxide, carbon dioxide and hydrocarbons may be released.

11. Toxicological information

Information on likely routes of exposure

Inhalation
- No adverse effects due to inhalation are expected. No effects expected under normal conditions of use.

Skin contact
- No effects expected under normal conditions of use. Prolonged skin contact may cause temporary irritation.

Eye contact
- Causes eye irritation.

Ingestion
- Not applicable under normal conditions of use. May cause gastrointestinal irritation if ingested.
Symptoms related to the physical, chemical and toxicological characteristics

Information on toxicological effects

Acute toxicity

Skin corrosion/irritation
Prolonged skin contact may cause temporary irritation.

Serious eye damage/eye irritation
Causes eye irritation.

Respiratory or skin sensitization
Not a respiratory sensitizer.

Skin sensitization
This product is not expected to cause skin sensitization.

Germ cell mutagenicity
Not hazardous under normal conditions of use.

Carcinogenicity
This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

IARC Monographs. Overall Evaluation of Carcinogenicity
Not listed.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)
Not regulated.

US. National Toxicology Program (NTP) Report on Carcinogens
Not listed.

Reproductive toxicity
This product is not expected to cause reproductive or developmental effects.

Specific target organ toxicity - single exposure
Not classified.

Specific target organ toxicity - repeated exposure
Not classified.

Aspiration hazard
Not an aspiration hazard.

12. Ecological information

Ecotoxicity
Harmful to aquatic life.

</table>

**Persistence and degradability**

No data is available on the degradability of this product.

**Bioaccumulative potential**

No data available.

**Mobility in soil**

No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

**13. Disposal considerations**

**Disposal instructions**

This product, if discarded, is not considered a hazardous waste under Federal Hazardous Waste Regulations 40 CFR 261. If processing, use, or contamination alters the material, the waste must be tested using methods described in 40 CFR 261 to determine if it meets applicable definitions of hazardous wastes.

**Local disposal regulations**

Dispose in accordance with all applicable regulations.

**Hazardous waste code**

The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

**Waste from residues / unused products**

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

**Contaminated packaging**

Empty packaging/container can be disposed in accordance with all applicable regulations.

**14. Transport information**

**DOT**

Not regulated as dangerous goods.

**IATA**

Not regulated as dangerous goods.

**IMDG**

Not regulated as dangerous goods.

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not established.

**15. Regulatory information**

**US federal regulations**

**Toxic Substances Control Act (TSCA)**

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

**CERCLA Hazardous Substance List (40 CFR 302.4)**

Not listed.
SARA 304 Emergency release notification
Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)
Not regulated.

Superfund Amendments and Reauthorization Act of 1986 (SARA)
SARA 302 Extremely hazardous substance
Not listed.

SARA 311/312 Hazardous chemical
Yes

Classified hazard categories
Serious eye damage or eye irritation

SARA 313 (TRI reporting)
Not regulated.

Other federal regulations
Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List
Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)
Not regulated.

Safe Drinking Water Act (SDWA)
Not regulated.

US state regulations
California Proposition 65
This product contains no listed substances known to the State of California to cause cancer, birth defects or other reproductive harm, at levels which would require a warning under the statute.

Disclaimer
This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as of the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions in which this material will be used, handled, or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors, and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
