SAFETY DATA SHEET

1. Identification

Product identifier BRAWNY INDUSTRIAL® DUSTING CLOTHS

Product list
- Brawny Industrial® Dusting Cloths 17" x 24" SKU - 29616
- Brawny Industrial® Dusting Cloths 24" x 24" SKU - 29624

Other means of identification
- SDS number: GP-800

Recommended use
Rayon janitorial dusting cloths specially treated to attract dust.

Recommended restrictions
None known.

Manufacturer/Importer/Supplier/Distributor information

Manufacturer
- Company name: Georgia-Pacific Consumer Products LP
- Address: 133 Peachtree Steet, NE
  Atlanta, GA 30303
- Telephone: Technical Information: 866.435.5647
  (M)SDS Request: 404.652.5119
- e-mail: MSDSREQ@GAPAC.com
- Emergency phone number: Chembrec - Emergency: 800.424.9300

Importer/Supplier/Distributor
Not applicable.

2. Hazard(s) identification

Emergency overview
Will burn rapidly in a fire.

Physical hazards
Not classified.

Health hazards
Not classified.

Environmental hazards
Not classified.

Label elements
- Hazard symbol: None.
- Signal word: None.
- Hazard statement: The mixture does not meet the criteria for classification.

Precautionary statement
- Prevention: Observe good industrial hygiene practices.
- Response: Wash hands after handling large quantities.
- Storage: Store away from strong oxidizers.
- Disposal: Dispose of waste and residues in accordance with local authority requirements.

Other hazards
None known.

Supplemental information
None.

3. Composition/information on ingredients

Mixtures

4. First-aid measures

Inhalation
Not a normal route of exposure. If symptoms develop, remove to fresh air. Get medical attention if irritation persists.
If irritation develops, wash with soap and water. Get medical attention if irritation persists.

Immediately flush eyes with plenty of water for at least 15 minutes. If irritation persists get medical attention.

Not a normal route of exposure. If ingested seek medical attention or call a poison control center.

Direct contact with eyes may cause temporary irritation.

Treat symptomatically.

Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

Dry chemical, foam, carbon dioxide, or water.

Do not use water jet as an extinguisher, as this will spread the fire.

During fire, gases hazardous to health may be formed.

Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Firefighters should wear full protective clothing including self contained breathing apparatus. Use water spray to cool unopened containers.

Use standard firefighting procedures and consider the hazards of other involved materials.

No special precautions are necessary beyond normal good hygiene practices. See Section 8 for additional personal protection advice when handling this product.

Pick up and discard towel. Slipping hazard; absorb any residual liquid remaining on surfaces. For waste disposal, see section 13 of the SDS.

Avoid discharge into drains, water courses or onto the ground.

Keep out of reach of children. Avoid contact with eyes; in case of contact, flush eyes with water

Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS). Provide cool storage away from combustion sources.

None necessary under normal conditions of use. Wear safety glasses or goggles if handling large quantities.

None necessary under normal conditions of use. Wear appropriate gloves if handling large quantities.

None necessary under normal conditions of use. Wear gloves if handling large quantities.

Respiratory protection
Not normally needed.

Thermal hazards
Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations
Keep away from food, drink and animal feeding stuffs. When using, do not eat, drink or smoke.

9. Physical and chemical properties

Appearance
Sheet

Physical state
Solid.

Form
Solid

Colour
Yellow

Odour
Odorless

Odour threshold
Not available.

pH
Not available.

Flammability limit - lower (%)
Not available.

Flammability limit - upper (%)
Not available.

Explosive limit - lower (%)
Not available.

Explosive limit – upper (%)
Not available.

Flash point
166.0 °C (330.8 °F)

Evaporation rate
Not available.

Flammability (solid, gas)
Not available.

Upper/lower flammability or explosive limits

Material name: BRAWNY INDUSTRIAL® DUSTING CLOTHS

4465    Version #: 01    Issue date: 06-02-2017

10. Stability and reactivity

Reactivity
No dangerous reactions known under conditions of normal use.

Chemical stability
Material is stable under normal conditions.

Possibility of hazardous reactions
No dangerous reaction known under conditions of normal use.

Conditions to avoid
Avoid temperatures exceeding the flash point. Contact with incompatible materials.

Incompatible materials
Strong oxidizers.

Hazardous decomposition products
Carbon dioxide, carbon monoxide, and unburned hydrocarbons.
11. Toxicological information

Information on likely routes of exposure

**Inhalation**
No effects expected under normal conditions of use.

**Skin contact**
No effects expected under normal conditions of use. Prolonged skin contact may cause temporary irritation.

**Eye contact**
None expected when product is used as intended. Direct contact with eyes causes temporary irritation.

**Ingestion**
Not applicable under normal conditions of use. May cause gastrointestinal irritation if ingested.

Symptoms related to the physical, chemical and toxicological characteristics

None expected when product is used as intended.

Information on toxicological effects

**Acute toxicity**
The acute oral toxicity of the liquid portion of this product is greater than 5.0 ml/kg body weight.

**Skin corrosion/irritation**
Non-irritating in rabbits and humans.

**Serious eye damage/eye irritation**
Non-irritating in rabbits.

**Respiratory or skin sensitisation**

**Respiratory sensitisation**
Not likely to cause respiratory sensitization.

**Skin sensitisation**
No evidence of skin sensitization in human repeat insult patch test.

**Germ cell mutagenicity**
No evidence of mutagenicity or genotoxicity in vitro cell systems or rats.

**Carcinogenicity**
No evidence of carcinogenicity in rats, mice and dogs. Not listed as a carcinogen by IARC, NTP, OSHA or ACGIH.

**Reproductive toxicity**
No evidence of reproductive or developmental effects in rats, mice, rabbits or hamsters. NOAELs ranged from 1,230 to 1,600 mg/kg/day.

**Specific target organ toxicity**
- Single exposure
No evidence of specific target organ effects in rats and humans.

**Specific target organ toxicity**
- Repeated exposure
No evidence of specific target organ effects in rats and humans. NOAEL is 2,000 mg/kg/day.

**Aspiration hazard**
Not likely to cause aspiration.

**Chronic effects**
Not hazardous under normal conditions of use.

**Further information**
This product has no known adverse effect on human health.

12. Ecological information

**Ecotoxicity**
This material is not expected to be harmful to aquatic life.

**Persistence and degradability**
No data is available on the degradability of this product.

**Bioaccumulative potential**
No data available.

**Mobility in soil**
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal considerations

**Disposal instructions**
Dispose of contents/container in accordance with local/regional/national/international regulations.

**Local disposal regulations**
Recommend the use of an oily rag disposal bin for the disposal of this product due to the possibility of spontaneous combustion.

**Hazardous waste code**
The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

**Waste from residues / unused products**
Dispose of in accordance with local regulations.

**Contaminated packaging**
Empty packaging/container can be disposed in accordance with all applicable regulations.
14. Transport information

TDG
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

Transport in bulk according to
Annex II of MARPOL 73/78
and the IBC Code

15. Regulatory information

Canadian regulations
This product has been classified in accordance with the hazard criteria of the HPR and the SDS contains all the information required by the HPR.

Controlled Drugs and Substances Act
Not regulated.

Export Control List (CEPA 1999, Schedule 3)
Not listed.

Greenhouse Gases
Not listed.

Precursor Control Regulations
Not regulated.

International regulations

Stockholm Convention
Not applicable.

Rotterdam Convention
Not applicable.

Kyoto protocol
Not applicable.

Montreal Protocol
Not applicable.

Basel Convention
Not applicable.

International Inventories

*A “Yes” indicates that all components of this product comply with the inventory requirements administered by the governing country(s).
A “No” indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).

16. Other information

Issue date 06-02-2017
Version No. 01

Further information HMIS® is a registered trade and service mark of the NPCA.
Disclaimer

This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as of the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions in which this material will be used, handled, or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors, and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
